WHY A SANITATION STATION?

- > Showcase your brand as an industry leader in customer experience
- > More accessible than sinks
- > 100% contact free
- > Drip tray to avoid spills
- > Strong and durable to last
- > OHS compliant
- > Lockable
- > Customisable with your brand livery
- > Australian designed and manufactured

The power of hand sanitiser to your customers and staff in a contact free, Australian designed & manufactured durable and attractive dispenser.

Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

Hand sanitisers can help protect you from infections - both viral and bacterial - when used correctly and in the right scenarios.

Apply a hand sanitiser that is at least 70% alcohol, using the directed amount, then rub it in completely and wait for it to dry before doing anything else with your hands.

Hand sanitisers are recommended by healthcare professionals in clinical settings, as they've been shown to reduce the spread of numerous hospital-borne bacteria and viruses.

CUSTOM LIVRY

Our artwork department is waiting to create custom artwork for your Sanitation Station.

What our clients are saying...

"Lots of hands touching everything in our store, this makes me happy..."

/- **George's Fruit Barn**
Terrigal, NSW

"My staff and customers are fully impressed and satisfied...as am I."

/- **Barbara Shute, GM, Priceline**
Cronulla, NSW

"We're proud to be setting new standards! Our customers who visit the store love this new addition. Thanks Sanitation Station for creating such an innovative product."

/- **Mark, Stapleton's Family Meats**

"I'm so glad we found the Sanitation Station, keeping my customers and staff SAFE!"

/- **Andrew Kemenys, CEO, Kemenys**
NSW

"Tough times, and I'm glad I can offer my customers this peace of mind."

/- **Anthony, Owner, Loftus Liquor**

"The units look fantastic and what we like about them is that they are heavy and don't need to be bolted down. Also that they spray doesn't go everywhere. It comes down straight."

/- **Nicole, AMP**
